

CONTENTS

Effect of antithyroid drugs on serum calcium and magnesium in thyrotoxic patients	1 - 9
Ali- Sh.H. Al- Mosilli ; M.M and Hamadi, S.A.	
Formulations and in vitro evaluations of an effervescent dosage form for diazepam, pyridoxine hydrochloride, dimenhydrinate, and ibuprofen.	10 - 20
Intithar J. Al- Akkam, Salim A. Hamadi, and Alaa A. AbdulRasool	
Formulation of metformin HCL as a sustained release tablets -----	21 - 30
Yehia I. Khalil , Ala'a A. Abdulrasool , Hikmet A. Al- Dujilli	
Formulation of potassium chloride as a sustained release oral solid dosage form I	31 - 44
Eman B. H. Al- Khedairy, Alaa A. AbdulRasool, and Salim A. Hamadi	
Comparative bioavailability and pharmacokinetic study between the formulated sustained release potassium chloride tablets and KCI- retard zyma ^(R) tablets II	45 - 52
Eman B. H. Al- Khedairy, Alaa A. AbdulRasool, and Salim A. Hamadi	
Potentiation of gentamicin induced nephrotoxicity by molsidomine in rats	53 - 59
Sabah H. Akrawi, Marwan S.M. Al- Nimer	
Potassium level in astimatic patients after acute attack	60 - 67
Mohammed Abbas T.	
Cerebral cationic changes in experimental animal model of tetraethyl ammonium inducing seizure	68 - 72
Suhad Kh. Al- Joboury	
Utilization of nicotinamide as a complexing agent in the formulation of diazepam oral solution I	73 - 85
Nidhal Khazaal Mariee, Alaa A. Abdul Rasool and Fouad
